In music, different types of **notes** are used to indicate durations of sound.

Note	Name	Beats
𝅝	Whole note	4 beats
𝅗𝅥	Half note	2 beats
♩	Quarter note	1 beat
♪	Eighth note	½ beat
𝅘𝅥𝅯	Sixteenth note	¼ beat

Different types of **rests** are used to indicate durations of silence.

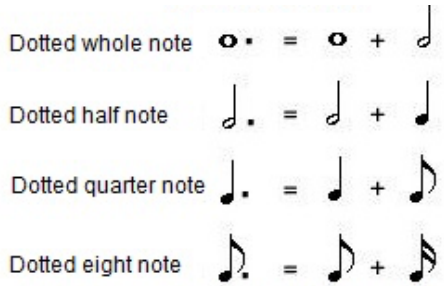
When eighth notes and sixteenth notes appear alone, they have small curved lines called flags. When two or more of these notes occur, they are usually joined by lines callled beams.

DOTTED NOTES

A **dot** place after a note or rest increases the length or duration of that note or rest by half its value.



TIED NOTES

A curved line placed between two notes of the same pitch is called a tie. The first note is played and the sound is held for the value of both notes.
